Education — the problem

01

Capital opens the door. It doesn't win the seat!

The families who get this right start earlier, choose more carefully, and rarely do it alone.

IRREVERSIBLE 01

The mistake shows up too late.

A mismatched consultant is rarely visible in year one. By the time it's clear, an application cycle, a school place, or an irrecoverable stretch of a child's development is already gone.

MERIT-BASED 02

Selection, not spend.

The UK's most selective schools and universities admit on assessment, interview and fit — not fee income. Families used to capital solving problems discover this only after the first refusal.

TIME-SENSITIVE 03

The advantage starts at six.

Most families begin thinking seriously about placement around age ten or eleven. The window that shapes a child's academic and personal profile is most effective from around age six.

The stakes:

one wrong call costs years, not just fees —
and by the time it's visible, the window that mattered has already started to close.

One child. Seven specialists. One club assistant.

From the first school application to a UK degree, Club London vets, coordinates and stands behind every specialist — ntroduced to you personally where the relationship is ongoing, handled end to end where it's simply logistics.

School & Academic Journey

01

Placement guidance focused on the UK's ten hardest schools to access — the ones ordinary consultants can't reach. Vetted subject tutors and long-term mentors, introduced to you directly. Online school sourced and managed end to end for globally mobile families.

Pathways & Enrichment

02

UK university advisory from shortlist to offer — a personal mentor for the full application journey. Summer camps and enrichment programmes, sourced, booked and managed without a single call from you.

Family & Compliance

03

Regulated guardianship for boarding students — a named guardian, known to your family, backed by Club London. Visa and work permit paperwork for the whole family, handled end to end.

The promise:

One club assistant, one standard of vetting — direct where trust is personal, done for you where it's simply logistics.

Vetting:

Every partner reviewed and re-referenced annually —
network composition is never disclosed
outside Club London.

Vetted means eight things. Not one soft word.

Every specialist in the Club London network is measured against the same standard before a single introduction is made.

01 REPUTATION & DISCRETION

Impeccable standing among the families and institutions they already serve, and complete confidentiality about who those families are.

02 TRACK RECORD

A decade or more operating at this level — the kind of tenure that can't be improvised.

03 CONFIRMED OUTCOMES

Every outcome verified directly by Club London — checked with the school or programme itself, not taken on trust.

04 GENUINE ACCESS

Insiders with long-standing relationships inside the UK's ten hardest schools to access — not consultants serving expats from the outside.

04

Education — the standard

Vetted means eight things. Not one soft word.

Every specialist in the Club London network is measured against the same standard before a single introduction is made.

05 CLEARANCE & SAFEGUARDING

Every licence, DBS check and safeguarding certification the role requires, verified before any introduction is made.

06 NO SCHOOL COMMISSIONS

Schools pay Club London nothing — no placement fees, no commissions. The recommendation serves the child, not a referral target.

07 VOUCHED BY THE CIRCLE

Recommended by families already inside Club London — the same peer trust that runs through the whole club, not a cold search.

08 JUDGEMENT UNDER PRESSURE

The composure to navigate a difficult interview, a family crisis or a hard conversation with a headmaster — not just credentials on paper.

This year alone:

Eton, St Paul's and Heritage Summer Camp among the placements — roughly ten comparable outcomes across the network every year.

Seven ages. One strategy.

Where a family stands today determines how much room is left to get it right.

AGE 6
Foundations

Confidential academic assessment. No applications yet — just a clear starting point.

AGE 8
Strategy

Target schools shortlisted. Tutoring set for the entrance-exam track ahead.

AGE 10
Preparation

Exam technique and interview readiness, built well ahead of assessment day.

AGE 11
Placement

Assessments, interviews and offers for day and senior school entry.

AGE 13
Transition

Common Entrance and senior boarding placement. Guardianship arranged if needed.

AGE 16
Positioning

Subject strategy for sixth form — the profile universities will read.

AGE 18
University

Shortlist, personal statement and interview prep, through to offer.

Next step:

A confidential 20-minute conversation —
no obligation, just a clear view of where your child stands
on this map.
