15+ years across fintech,
technology and luxury businesses.

Welcome to Clarke Willmott solicitors

Our talented legal teams offer expert advice and support on a broad range of complex legal services to individuals and businesses based in the UK and overseas.

The application is the easy part. The outcome is not.

The families who get this right treat visas, banking and tax as one process — not three advisors who never speak to each other.

Bespoke stakes, standard forms. 01

Global Talent and investor routes reward the applications built around the individual — not the volume-filing shops that use the same template for every client.

One visa, half a plan. 02

Approval for the principal without a parallel strategy for spouse, children and parents is a plan half-finished — and the gap surfaces exactly when it's hardest to fix.

Status on paper only. 03

A residency without a banking relationship and a tax review is a status that exists on paper — accounts get frozen and structures get taxed twice before anyone notices.

The stakes:

a rejected application isn't a delay, it's a lost year —
a missed school term, a stalled relocation, a family split across
two jurisdictions while the paperwork catches up.

02

Immigration — overview

One practice. Every jurisdiction.

From UK Global Talent and Investor routes to citizenship-by-investment programmes worldwide, Club London manages immigration as one continuous relationship — introduced to you personally where it's a programme, handled end to end where it's a filing.

Visas & Residency 01

UK and Dubai as the primary focus — Global Talent, Investor, Innovator Founder and family routes run end to end through Clarke Willmott and Goldman Solutions, an OISC-authorised sponsor-licence specialist.

Citizenship & Investment Migration 02

Citizenship and residency-by -investment programmes wherever one exists worldwide, introduced personally through Henley & Partners — The Firm of Global Citizens®, 25+ years advising on investment migration.

Banking & Tax Residency 03

Private banking relationships and tax residency structuring run alongside every application, through a network of boutique advisers, so status on paper becomes a status that works.

The promise:

one club assistant across visas, citizenship and banking — introduced personally where it's a relationship, handled end to end where it's a filing.

Eight routes, onechub assistant.

Four routes filed and managed directly. Four introduced personally through named specialists you'd otherwise never reach.

01 UK GLOBAL TALENT VISA

Endorsement strategy and applications for founders and specialists, run end to end through Sterling Law and Goldman Solutions.

02 INVESTOR & FOUNDER VISAS

Innovator Founder and Skilled Worker visas built around the company, handled end to end through Sterling Law and Goldman Solutions.

03 FAMILY & DEPENDANT VISAS

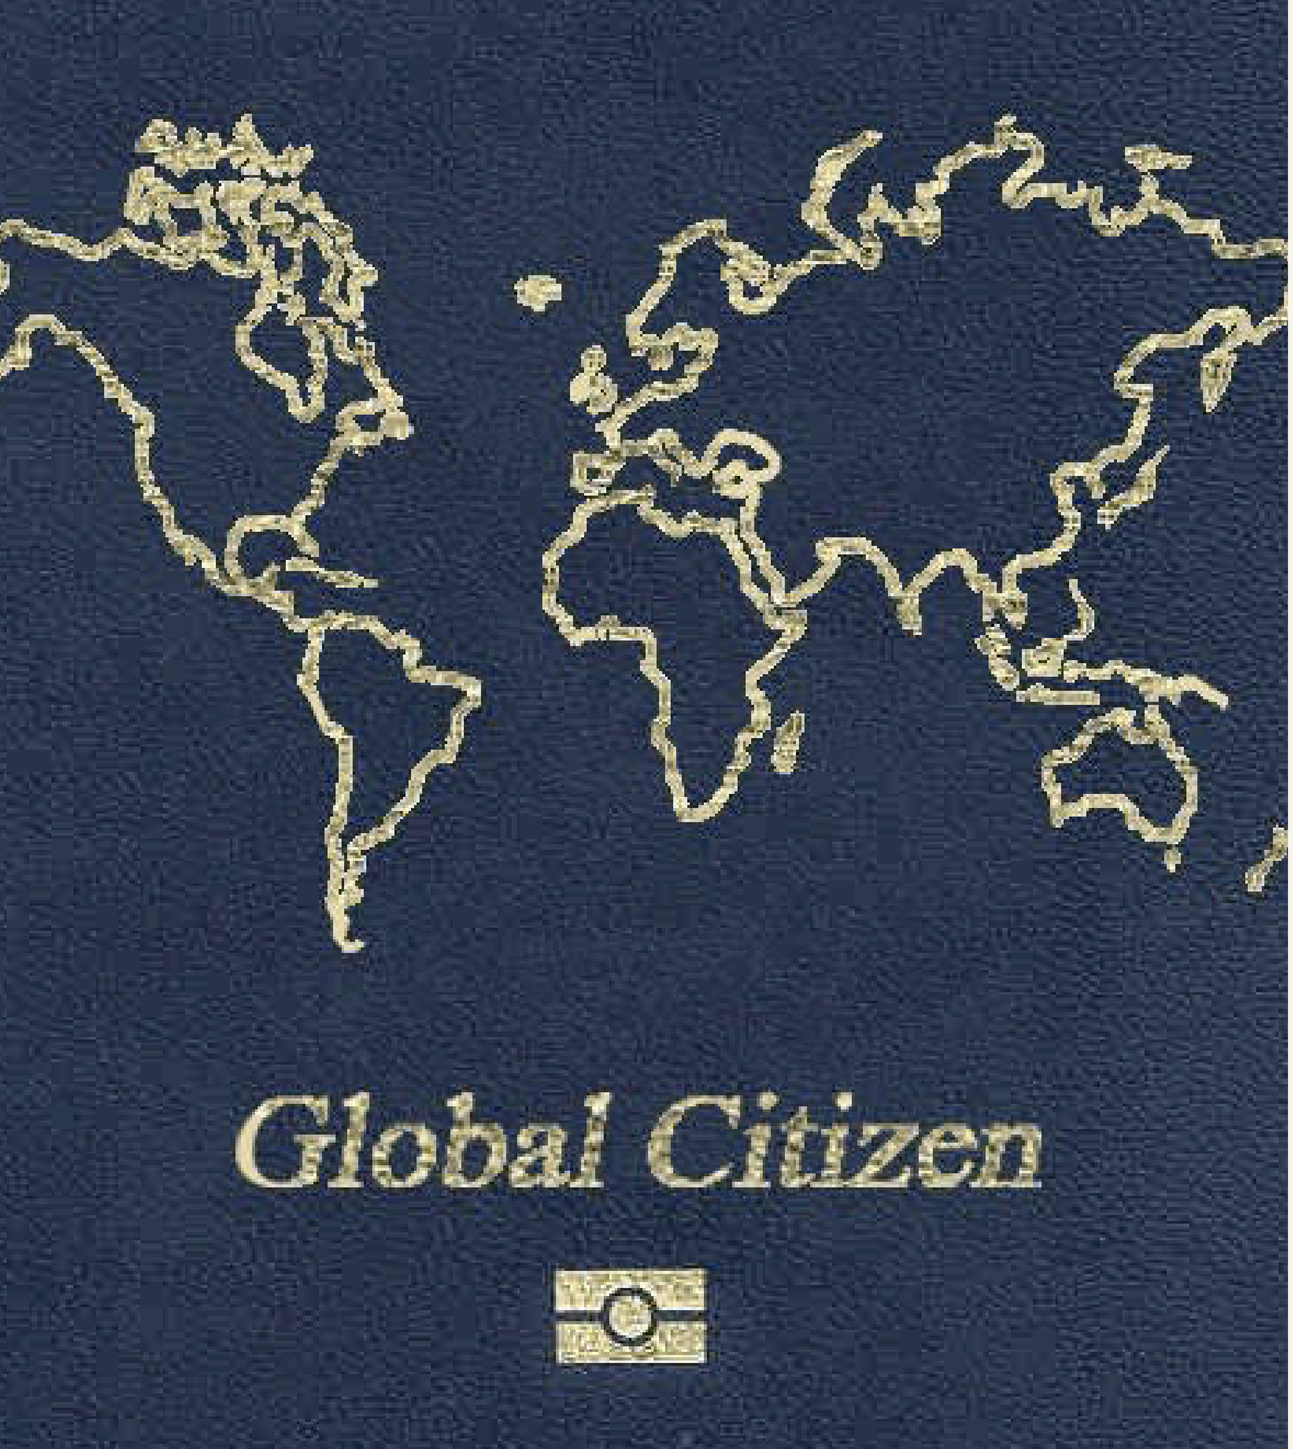

Spouses, children and parents brought onto the same timeline as the principal applicant, never left to file alone.

04 DUBAI GOLDEN VISA

Long-term UAE residency for families dividing time between London and Dubai, run alongside the UK strategy.

Immigration — the network

Eight routes, onechub assistant.

Four routes filed and managed directly. Four introduced personally through named specialists you'd otherwise never reach.

05 CITIZENSHIP BY INVESTMENT

Direct access to Henley & Partners — The Firm of Global Citizens®, 25+ years advising on citizenship by investment worldwide.

06 RESIDENCY BY INVESTMENT

Residency-by-investment routes wherever a programme exists, matched to the jurisdiction that fits the family — not the nearest one.

07 PRIVATE BANKING ACCESS

Relationships with private banks in the UK and UAE, so a new residency doesn't stall at the account-opening stage.

08 TAX RESIDENCY & STRUCTURING

Tax residency reviews and structuring through a network of boutique advisers, aligned to each visa rather than bolted on afterward.

The exceptions:

citizenship and residency-by-investment programmes are introduced personally through Clarke Willmott, Henley & Partners — visas, family status and banking are handled end to end, one team, one timeline.

Trusted means eight things. Not one soft word.

Every partner in the Club London immigration network is measured against the same standard before a single introduction is made.

01 REGULATORY STANDING

Every partner is regulated by the relevant bar, law society or the OISC — no unlicensed 'visa consultants' anywhere in the chain.

02 PROGRAMME DUE DILIGENCE

Investment migration programmes are reviewed for government backing and processing history before they're ever recommended.

03 DISCRETION BY DEFAULT

Applications for public figures and their families are handled under the same confidentiality as every other Club London engagement.

04 TRACK RECORD

25+ years of investment migration expertise and a Legal 500-ranked immigration practice, engaged continuously — not for a single filing.

05 NO PROGRAMME KICKBACKS

Advice is never shaped by which programme pays the largest referral fee — the jurisdiction is chosen for the family, not the commission.

06 FAMILY-FIRST STRUCTURING

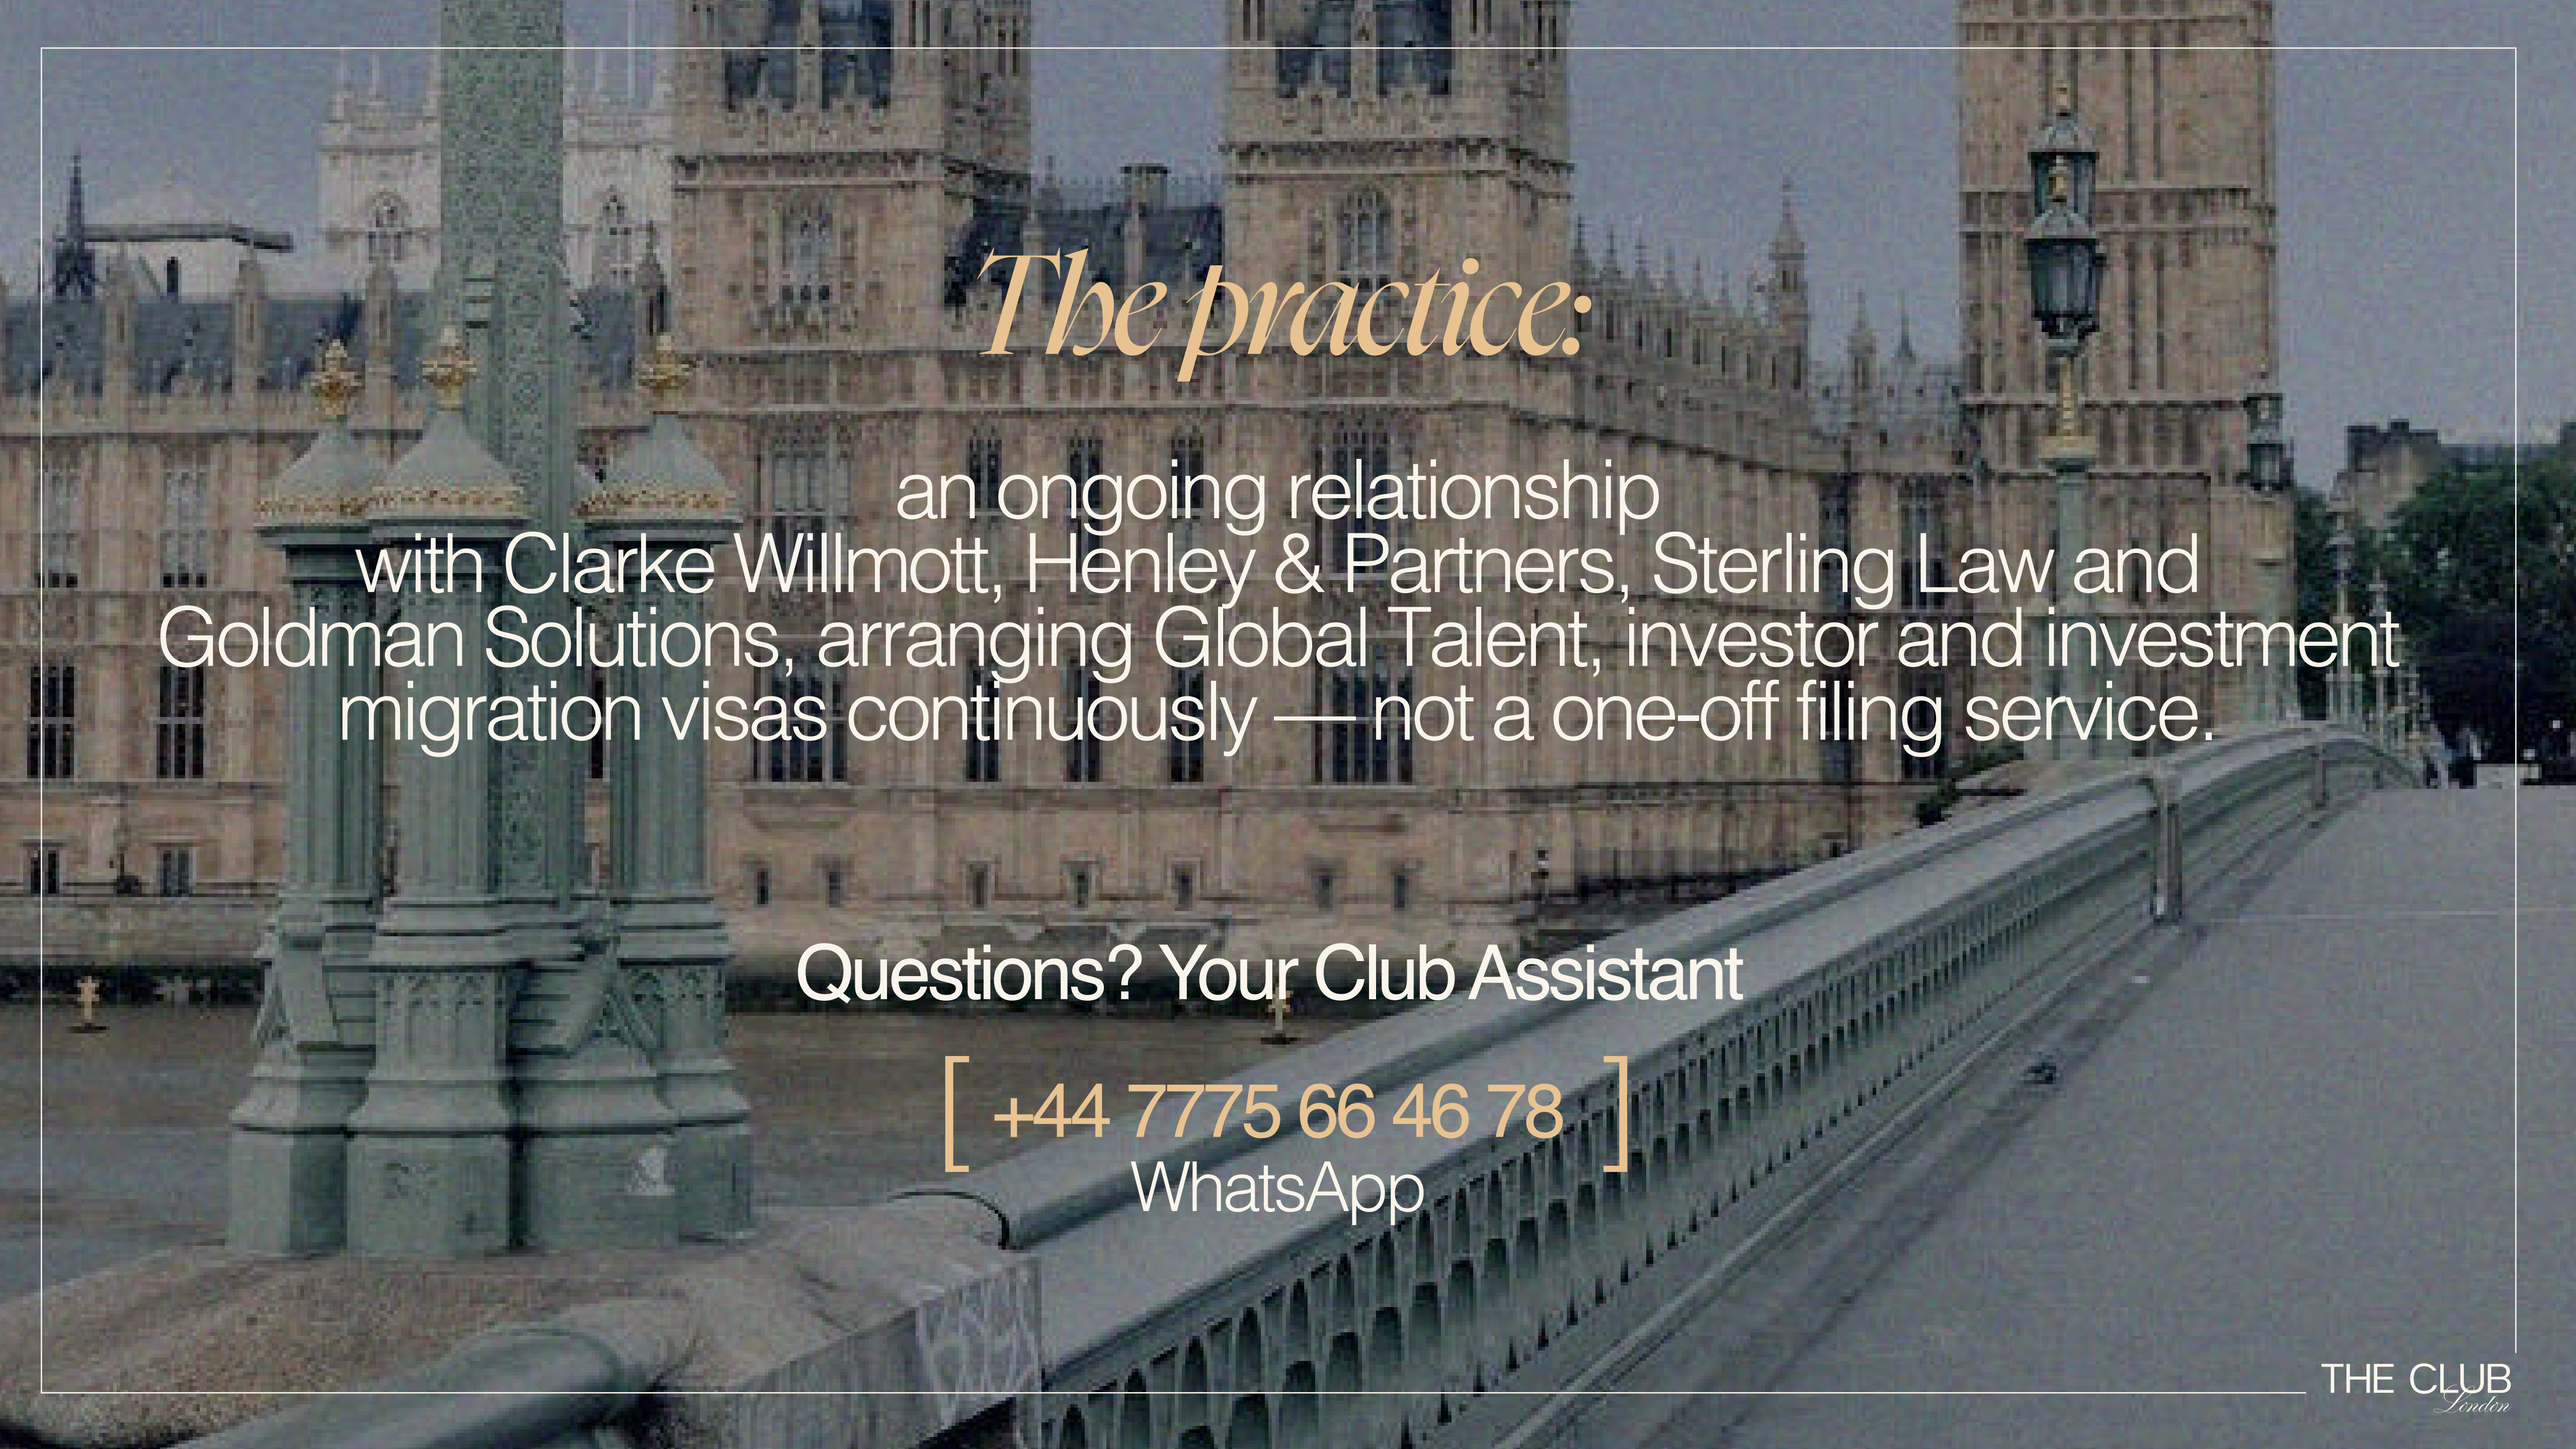

Every strategy accounts for the full family — spouse, children, parents — from the first conversation, not as a change order later.

07 BANKING READINESS

Source-of-funds and compliance documentation prepared in parallel with the visa, so account opening isn't the step that stalls everything.

08 ONGOING COMPLIANCE

Status is monitored past approval — renewals, re-entry requirements and reporting obligations tracked, not left for the client to remember.

The practice:

an ongoing relationship
with Clarke Willmott, Henley & Partners, Sterling Law and Goldman Solutions, arranging Global Talent, investor and investment migration visas continuously — not a one-off filing service.

Seven stages. One process.

Visas, banking and tax handled separately cost months untangling afterward. Handled as one process, the seams don't show.

STEP 1

Consultation

Family structure, timeline and goals mapped across every jurisdiction in play.

STEP 2

Route Selection

Visa and investment programme matched to the family — not the nearest option.

STEP 3

Due Diligence

Source-of-funds and compliance documentation prepared before filing.

STEP 4

Application

Filed through Henley & Partners, Sterling Law and Goldman Solutions — one team.

STEP 5

Banking & Tax

Private banking relationships and tax residency structuring run alongside.

STEP 6

Approval

Visa granted; relocation and settling-in coordinated for the family.

STEP 7

Renewal

Shortlist, personal statement and interview prep, through to offer.

Next step:

a confidential consultation to map your family's
route across every jurisdiction — no obligation, just a clear view of what
the process would look like.

Prefer specifics first?

Ask your Club Assistant for a same-week introduction to Clarke Willmott, Henley & Partners, Sterling Law or Goldman Solutions.
